

RANKS OF STRIKERS GROW, IS CLAIM

RAILWAY TRAINMEN INVOLVED IN CONTEST

RIOTS ARE RENEWED IN WESTERN PENNA. ALSO AT BUFFALO

Both Sides Claiming Advantage in the Pittsburgh Region. Concerns all Close At Chicago; Two at Hammond Open.

(ASSOCIATED PRESS DISPATCH) FARRRELL, Pa., Sept. 23.—More rioting occurred today in Farrell, where a man was shot and killed last night and several other persons injured. Many shots were fired in the new disturbance today. The police say that at least 11 persons were struck by bullets.

NEW CASTLE, Pa., Sept. 23.—With state constabulary 150 deputy sheriffs and scores of policemen patrolling the streets about the steel plants here, the situation following serious riots last night was slightly improved early today. Nine persons, two women and seven men were shot last night in addition to the stabbing of one policeman and the burning of another with a club in an attack on the plant of the Carnegie Steel Company. Three of the injured likely will die, it is said.

BUFFALO, N. Y., Sept. 23.—Disturbances which began in the vicinity of the Lackawanna Steel Company plant last night were continued this morning. A master mechanic was set upon by a crowd and severely beaten. A riot call brought out the police and two men were arrested charged with rioting. Switchmen of the South Buffalo Railway today quit work when ordered to move cars into the Lackawanna Steel Company's yards.

BOTH SIDES CONFIDENT. PITTSBURGH, Sept. 23.—The second day of the steel strike in the Pittsburgh district was ushered in with both employers and union leaders claiming the advantage for their respective sides. Representatives of the companies announce that they are in better shape today to continue the operation of those plants which did not close Monday while the union leaders declare that the strike is spreading and will cripple additional mills before night. The Carnegie Steel company, largest subsidiary here of the United States Steel corporation, has closed several of its plants in the district but according to an official of the concern, the situation as regards labor is improving, and the opinion was expressed that additional loyal workmen who failed to turn out Monday will be on the job today. Disorders some of a serious nature marked the first day of the strike in the Pittsburgh district. Two men were killed at Farrell, Pa. one during a clash between state police and local officials and a crowd of 1-500 persons near the American Steel and Wire plant. The other victim was murdered by a fellow boarder when he is said to have refused to go on strike. Two state troopers were shot during the Farrell outbreak while seven persons were struck by bullets during a clash between mill guard and a crowd at New Castle, Pa. Other disorders occurred in the district and many persons were slightly wounded.

CRIPPLED AT CHICAGO. CHICAGO, Sept. 23.—The second day of the nation-wide strike in the steel industry found all plants in the Chicago district shut down, except independent mills at Hammond, Ind. Statements of indus-

URGES JAPAN TO WORK
FOR A LASTING PEACE

Marquis Saionji.

Cable dispatches state that Marquis Saionji, formerly premier and head of the Japanese delegation at the peace conference, just after his return to Tokyo urged his country to "help solidate a lasting peace based upon the principles of right and justice." He said that the real national ideals of Japan are entirely opposed to militarism and aggression. He spoke at a luncheon given in his honor, which was attended by the premier and members of the cabinet.

Two Deaths May Result From a Line Fence Row

PORTSMOUTH, Sept. 23.—Shirley Benson, 24, is dying as the result of being shot by Constable Frank Double Sunday night. An argument over a line fence is said to have led up to the shooting. Benson is said to have pulled the trigger from his buggy and to have been hit severely in the stomach. Physicians say Benson will die. Double shot Benson through the stomach. Benson was injured while in a club. Double shot Benson through the stomach. Benson was injured while in a club. Double shot Benson through the stomach. Benson was injured while in a club.

SIDNEY MAN IS KILLED. SIDNEY, Sept. 23.—Benjamin Burrows, 76, produce dealer, was instantly killed by a Big Four freight train at the Wilkinson avenue cut in this city. Burrows was a Civil War veteran having served with the Ninety-ninth Ohio volunteer infantry.

SENATE SCENE OF DISORDER AS TREATY IS UNDER DISCUSSION

(ASSOCIATED PRESS DISPATCH) WASHINGTON, Sept. 23.—How to put an end to demonstrations in the galleries during discussion of the peace treaty is troubling senators almost as much as the league of nations. Although applause by the galleries—a direct violation of senate rules—has been more or less of a problem since the treaty was brought before the senate in "open executive session," the matter of enforcing the senate rule was brought to a decisive stage late yesterday when after Senator Reed, democrat Missouri, had concluded a four hour attack on the league, the galleries applauded vigorously. Men clapped their hands and stamped their feet in approval of the Missouri senator's speech, while women waved their arms and shouted. When Senator Ashurst, democrat, Arizona, a league supporter, arose to condemn the action of the galleries he was met with a wave of his-

THREE HELD FOR \$240,000 HAUL AT CHICAGO P. O.

(ASSOCIATED PRESS DISPATCH) Chicago, Sept. 23.—Three men, one of them John Wajda, clerk in the Chicago post office who is said to have planned the robbery, were arrested here early today charged with stealing \$240,000 of a shipment of \$415,000 last Thursday from the federal reserve bank here to the Standard Oil Company of Indiana at Whiting, Ind. Of the stolen funds \$93,630 was recovered. The remainder, according to an alleged confession of two of the men, was abandoned at the outskirts of Chicago when the automobile in which they were returning from Whiting broke down.

A "piece of police luck" is pointed to as responsible for the arrest of the men. Chicago city detectives unearthed the postal robbery when two of the men, Leo and Walter Phillips, brothers 25 and 20 years old, respectively, were arrested in connection with the robbery of a saloon which approximately \$500 was obtained.

Prior to the arrests no announcement of the big holdup had been made. Informed by a "stool pigeon" the Phillips brothers were involved in the saloon robbery which occurred later in the day of the holdup at Whiting. The officers at first believed they had stumbled on a big pay roll or bank robbery when one found \$20,000 in the elder Phillips' pocket.

Questioning developed according to the officers details of the entire program. A fourth man, said to be the owner of a small farm near Chicago was being sought early today. Police say they believe most of the missing money was burned on his property. He is said to have been at Whiting with the Phillips brothers. R. B. Mundelle and J. E. Sullivan postal inspectors in charge of the federal investigation said they believed Wajda sent a "fake" bag similar in appearance to the money bags in the consignment to Whiting.

"A man named Joe Schwartz employed was to take the bags in a hand cart to the post office," the inspectors said. "He got the wrong bag and took it to the post office, from where it was to be taken to the bank of Whiting and from there to the Standard Oil Company of Indiana." When he returned to the station the bag containing the money was gone.

The inspectors said Schwartz did not know the bags' contents. They believe Wajda so marked the bag the robbers could not mistake it.

Steel Walkout May Close Big Ohio Plants

(ASSOCIATED PRESS DISPATCH) SPRINGFIELD, O., Sept. 23.—If the steel strike lasts two weeks, it is estimated that 4,000 men will be thrown out of employment in this city. This city is known as the largest manufacturer of agricultural implements in the world for a place of its size and a majority of the companies are in need of steel at all times. The agricultural implement plants will be the first here to be affected. STEUBENVILLE, O., Sept. 23.—Five hundred deputies were sworn in today to maintain order at the Weirton, W. Va., plant of the Weirton Steel Company, across the river from here, which is the only plant of the Steubenville district operating. Announcement of placing the additional force of police in the town was made by the company which had learned of a proposed demonstration by strikers from this city who were planning a parade to Weirton.

SERGEANT MCLEAN, MARINES,
WHO INHERITS THE JOB OF
SULTAN AND FORTY WIVES.

Sergeant Robert A. McLean, of the New York Marine recruiting station, has applied for leave to go to the island of Llang-Llano off the coast of Borneo. He wants to find out whether he wants to be Sultan of Llang-Llano and assume responsibility for the late Sultan's forty wives. While McLean was stationed in the Philippines he got into the good graces of the Sultan who adopted him. The sergeant has been notified that his foster father is dead and that the job of Sultan awaits him.

O. S. U. to Get Larger Budget

COLUMBUS, O., Sept. 23.—Three of the four members of the state's emergency board yesterday voted favorable on the proposal to make an emergency appropriation of \$56, 176 for the Ohio State University to install new laboratory equipment and to employ additional instructors. University authorities expect that Senator Davis, chairman of the senate finance committee who could not attend the meeting on account of illness, will also approve of the appropriation. Four favorable votes are required by law. Chair man King of the house finance committee withheld his vote. If the appropriation is granted the university will employ 31 additional instructors—none of them will be paid over \$1500. Barracks formerly used by aviator students on the campus will be equipped for chemistry laboratory purposes, it was said.

FEDERAL JUDGE ORDERS BREWERS BOOKS BROUGHT INTO COURT

CHICAGO, Sept. 23.—Federal Judge Landis opened another broad highway to search and seizure law prosecutions in Chicago when, upon forcing admissions of real beer manufacture from Rudolph Lederer, president of the North American Brewing Company, he ordered all of the company's books and sales records into court. Prosecutors interested in the beer expose declared that if the proof of manufacture and sale in Chicago of 2 3-4 per cent brew results the plant, stock, fixtures, and all property of the brewery or breweries involved will be subject to confiscation by the United States. Scores of additional Chicago liquor dealers it was said will be implicated through the North American company's books, which were produced just before the judge ad-

EMPLOYERS DEMAND POLICE PROTECTION IN CLEVELAND DISTRICT

YANKS NOT TO MIX IN ITALY ROW Biggest Plants at Youngstown May Have to Close Railway Trainmen to Quit if Trouble is Continued Longer.

(ASSOCIATED PRESS DISPATCH) CLEVELAND, Sept. 23.—Claims of union officials that 25,000 men were idle here today in the strike of steel mill workers, an increase of 5,000 over their estimates of yesterday, was disputed by steel mill officials who deny that the walkout is complete as union officials claim and contend that actual strikers do not number more than forty per cent of the union figures. The balance of the men not at work at this time, they claim are forced into idleness by the walkout of their fellow workers. Ore handlers at two docks joined the strike last night with the result that two ore laden boats were detained here according to union leaders who claimed that all local ore handlers would be out before the end of the day. H. M. Donovan, business agent of the Ore Handlers' organization said that 250 of a total of 400 ore handlers had gone out at the five docks here. An attempt was to be made to operate one plant tomorrow. It was learned when this Steel Company official said that if police protection could be obtained their plant would be opened and the mills started to work.

It is improbable according to reports that American troops will participate in such an operation if it is ordered, there being no soldiers available for such purposes. American marine contingents now in the Adriatic have not taken part in any activities there and it is said that they will not be called upon to do so unless positive instructions come from Washington or the peace conference in Paris. Reports from Fiume seem to be conflicting. One states that General Badoglio, deputy chief of staff who was sent from Rome to deal with the situation has established a cordon about the city while the Tugo Slav delegation in Paris is reported to have extended their zone of occupation having advanced into Fiume since seven miles on Sunday. It appears, however, that the reported blockade of the city is not particularly effective if being reported a train load of supplies has reached Fiume.

Corn Cutters on Strike For \$9 a Day and Keep MARION, O., Sept. 23.—A number of corn cutters employed on the Curtis Brothers farm, north of here, yesterday went on strike for \$9 a day and lodging. This is an increase of \$1 a day over the present wages with lodging. 4 BURGLARS NET \$20 MOUNT VERNON, Sept. 23.—Burglars visited three stores and the freight office of the Pennsylvania Railway Co. here last night. Their total loot amounted to \$20.

ILLICIT STILL RAIDED RAVENNA, Sept. 23.—Two men were arrested when Sheriff J. W. Stevens found a fully equipped still in a farm house in Freedom township. A quantity of liquor and raisin mash were taken.

KIWANIS CLUB WILL HEAR "MUNY" ELECTRIC PLANS

Manager Dugan, of Ohio Electric, Presents Company's Side

Kiwanis Club at the regular weekly luncheon Tuesday appointed a committee to thoroughly consider the proposal for a municipal lighting system. This committee, composed of R. A. Gramma, G. Holstein, W. T. Feeley, C. A. Caljacobson and Simon Fishel will report at next week's luncheon and give complete details of the plan.

Kiwanis Club is considering the proposition of a better lighting system, and today heard Manager Dugan, of the Ohio Electric, who went into details of the company's proposition. He held out that the city would be going wrong to invest money in a small plant, when if a suitable contract is made with his company, an immense new power plant, large enough to furnish all the power Lima will ever need, will be built.

The opposite side of the contro-

versy will be heard next Tuesday when the committee reports.

Francis Durbin, second vice president, presided today and 85 members were seated. Musical numbers were given by the Royal Welsh quartette, that is appearing at the Congregational church.

MAYOR ASKED TO CALL COUNCIL MEET

The Citizens' committee this morning held a conference with Mayor Simpson in an effort to get that executive to call a special meeting so that councilmen may have a chance to reconsider their decision relative to the municipal light system project.

No definite conclusion was settled upon, however, it is probable another conference will be held either late this afternoon or this evening.

AMBULANCE REMOVALS

Williams and Davis: Mrs. Jim Fraunfeiter from St. Rita's hospital to west of Lima.
Mrs. C. H. Schenk from St. Rita's hospital to 729 South Main street.
Mrs. James DeLong from 520 Or-lava street to St. Rita's hospital.
Bickens: Mrs. Emma Martin from 371 Nye street to St. Rita's hospital.

MEN FALL FROM SCAFFOLD, ESCAPE SERIOUS INJURY

When the scaffold on which they were working this morning at the Lima Locomotive Works gave way, Boyd Malick, electrician, 642 Center street and J. B. Wagner, electrician, 622 McDaniel avenue, were precipitated into the air and fell a number of feet, striking a machine which was directly below them, and then falling from the machine into a concrete pit at the side of them. Both men miraculously escaped serious injuries and probable death by their long fall.

Dr. McGriff was immediately called, after they had been given, first aid at the Locomotive emergency hospital. The two men were removed in the Williams and Davis ambulance to the city hospital where they were resting easy this afternoon.

Wagner sustained a badly lacerated and broken shoulder, and was also bruised about the body. Malick was also severely cut about the body and it was necessary to take a deep stitch in a wound on his right leg.

It is not believed that they were internally injured.

INSANE PATIENT IS KILLED AT STATE HOSPITAL

COLUMBUS, Sept. 23.—A free-for-all fight which followed the calling in of patients to save him from being probably killed by an insane patient at the state hospital at Lima resulted in the death of Vincenzo Rebando, a patient from Cuyahoga county, last Saturday, according to an official report received from Dr. C. H. Clarke by the board of administration.

Rebando has been considered one of the more dangerous patients of the institution for some time and he made an attack without provocation upon Attendant A. O. Coran. The attendant being alone in the ward at the time, called for assistance from the patients, and five participated in the conflict that followed.

None were injured by Rebando, who received a fractured rib and was otherwise injured so seriously that death resulted Sunday. The coroner of Allen county was called and held an inquest, making an immediate report that the patient came to his death through accidents inflicted in the combat, and exonerating the attendant from any blame whatever.

APPOINTMENTS ARE MADE BY BOARD

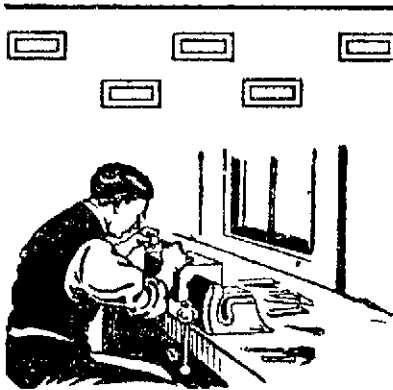

County commissioners, this morning, made two new appointments, to become effective October 1.

George R. Christia formerly custodian of Memorial hall under the last republican regime in the county commissioners office, has been reappointed to serve in that capacity. Mr. Christia is an old soldier and has worked as custodian of the hall many with the approbation of all concerned.

William Beth was appointed custodian of the court house. This capacity is at present being filled by John Conrad.

FOR MEN WHO WORK HARD.

Men who work at hard physical labor are subject to kidney trouble. J. G. Wolf, 724 S. They also relieve bladder and urinary ailments. H. F. Vorkamp.

PIONEER WOMAN OF DELPHOS IS DEAD

DELPHOS, Sept. 23.—One of the pioneer residents of this vicinity passed away Monday morning at 11 o'clock when Joseph Rinner died at the home of his daughter, Mrs. Edward Steine, on West Second street.

Mr. Rinner suffered a paralytic stroke in November 1915. Since that time he has been helpless, being bedfast since last January. This illness terminated in his death at the above mentioned hour.

Joseph Rinner was born in Bayern, Germany, March 21, 1849, and was at the time of his death 70 years, 6 months and 1 day of age. He was a son of Wolfgang and Barbara Rinner.

The condition of Guy Armstrong, the Middle Point boy whose skull was fractured when he was struck by an automobile near his home, continues to improve, according to reports from the bedside at the Van Wert county hospital. There is now little doubt that he will recover.

Matthias Etgen, Jr., has filed proceedings in the common pleas court of Van Wert county against his brother, Joseph Etgen, in which a receivership and accounting are asked for the Standard Garage on West Second street in this city.

The plaintiff avers that they entered a partnership last February and that at that time the sum of \$7,000 was procured from their father, Matthias Etgen, Sr., as capital; that the defendant has taken the firm's money and assets large sums of money with which to pay his individual debts, without the knowledge or consent of the plaintiff; that the firm is possessed of a large stock of goods and has a large amount of debts outstanding; that the assets of the partnership are greater collectively than if separated and for this reason no equitable division can be made without loss.

DOG IS BLAMED FOR DOING \$400 DAMAGE

ST. MARYS, Sept. 23.—A host that hit was fired early this morning by Sylvanus Wagner, son of Mr. and Mrs. George H. Wagner, at a sheep killing dog in the Huenke school district, St. Marys township. The dog was sighted in the Wagner barnyard. Mr. Wagner and went gunning the shot falling to Sylvanus. The dog yelped and disappeared. It is not known whether he was given his quietus. Mr. Wagner today filed a claim for a sheep killed recently on his premises. The animal has been making the rounds since early in the season. His kill thus far includes sheep and geese valued at more than

four hundred dollars. In the event today's shot failed to bring results it is believed the varmint will be rounded up after the corn is cleared from the fields.

Sheriff Ora Hinton, has arrested Mrs. Delia Reichelderfer, of Cridersville, charged with assault and battery. She was arraigned before Justice of Peace John Craft and sentenced to 6 months in the county jail, and fined \$1 and costs. The jail sentence was suspended on prompt payment of the fine and costs.

Sheriff Ora L. Hinton has a set of dice as souvenirs. He captured the cubes when he happened in on a crap game conducted by hangers on in one of the race horse barns. The money he took from the players was returned on condition that they stop this sort of diversion.

"Just right," is a farmer's verdict concerning Saturday night and Sunday's rains.

The rain came just at a time when the continued dry spell threatened to delay wheat sowing. After drying out for a day or so, the ground will be in splendid condition for sowing. Corn cutting is stopped temporarily but because of the matured condi-

tion of the corn, it was not injured in the least by the rain.

The fall pasture is benefited and with a little warm weather will be in the best of trim.

Late tomato vines which were reported to be getting rather droopy and burned out, are taking on a more port appearance.

Water Rates Go Up

THE TIMES' story of yesterday to the effect that the Public Service Director of Lima has decided to raise the water rates one-third, beginning January first, came without warning. That a raise would have to be made a great many people believed, but why it should be kept quiet remains a mystery—unless you study politics!

The republican gang in Lima would have you believe that they conduct the city's affairs in a perfect manner: "we can do no wrong" has always been the position of the politicians that have gotten away with many times.

But the city waterworks, no matter who owns it, has to receive enough in operation receipts to pay expenses, or some one has to meet a deficit. That some one is the taxpayer, who has no doubt paid out a lot of good money for upkeep and replacements on municipally operated utility plants.

There you are. If the intended raise in rates had not filtered out through the Times, before election day, the republican gang would again have "pounded with pride" to their wonderful accomplishments.

As it is, they have to do like everyone else—raise rates when outgo exceeds income.

That "Mun" Plant

MEMBERS OF THE ROTARY CLUB Monday heard the Ohio Electric's side of the controversy over the renewal of a contract for the lighting of Lima streets and the proposed boulevard lighting system. Manager Dungan stoutly contested the claim of Expert Gamper that the proposed plant could be installed for \$80,000 and proved by figures of the telephone company, taken from actual operating expenses that it could be done for nothing short of \$110,000.

The whole story in a nutshell is that the people of Lima are "sore" on President Schoepf and his whole outfit. Dungan has made a splendid impression since he took over the reins locally and if allowed to "drive" he will get somewhere in all probability. The Times has frequently pointed out that Schoepf woke up a couple of years too late to save for his company the respect and confidence of the people of Lima.

But as John E. Galvin, head of the Ohio Steel Foundry, pointed out Lima isn't going to get anywhere by "evening up" old scores. What we want to know now is this—do the people want to spend the required amount for a municipal plant or do they prefer to make a fair contract with the Ohio Electric, with the iron bound stipulation that the O. E. spend \$100,000 making additions to the present power plant and spend another \$1,500,000 within two and a half years for a real plant?

That is what we should make up our minds about—and soon, for the Ohio Electric is operating without a contract.

Overstocking Europe

IT doesn't cause much surprise to persons who have kept their fingers on the pulse of current affairs, to hear from Herbert Hoover that warehouses and warehouses in Europe are filled to the point of bursting with foodstuffs principally meats, fats and dairy products.

For sometime it has been apparent that a ceaseless shipment of food essentials has been going overseas, sent by merchants who "gambled on sales" in countries stricken by the war.

Satisfactory credits have not been established in many old world nations, so that while the goods may be on hand to buy, there is insufficient funds with which to make purchases. Consequently storage houses are filled, with the demand slackened almost to the point of being non-existent.

No one has doubted from the first that the demand overseas would be enormous. But in order to supply this demand American merchants, according to Mr. Hoover, have rushed into extraordinary shipments, expecting by the time the goods arrived proper exchange of credit would have been provided and fabulous profits made.

The reverse has been true. The goods, says Mr. Hoover, were shipped, and they remain just where they were unloaded, for the most part untouched. President Wilson has endeavored for many weeks to impress upon Congress the necessity of providing proper and satisfactory credits for responsible European countries. But badly managed affairs in the Senate Foreign Relations Committee has thrown imperative legislation into the discard.

HAPPY THOUGHT: Even the greatest of men make mistakes. Noah Webster declares in his dictionary that a ukelele is a "musical instrument."

We see where a Columbus man has it figured out that Ohio people now have almost a billion dollars more than they had before the war. That's right; and we know exactly where \$1.25 of it is.

Laudendorff may know a lot about Germany's side of the war but we'll bet him he can't tell how long it will be before it's safe for a fellow to sing "Heigh-he, Heigh-lo" in America.

It remains for an up-state paragrapher to call attention to the fact that football is going to be more popular this season than ever before. It's about the only thing left with a kick in it.

If they get the league of nations, and they will, they might make Bob LaFollette umpire of the meanest game. And not pass any anti-pop bottle throwing ordinances.

We know a man to contrary that he insists on washing his Ford on a rainy day and then driving down Main street.

There is one thing in favor of the house-hunter. He has certainly been blessed with a long stretch of fine weather.

They say money talks these days, but if it does, it surely isn't above a whisper.

GOOD EVENING—Some automobiles have this advantage—the motor makes so much noise you can't hear the suggestions that emanate from the back seat.

OUR BED-TIME STORY

FOR TINY TIMES-DEMOCRAT FOLKS

When Ralpho and the tourists finally reached the airplane they shook hands with Captain Brave and thanked him for rescuing them. They were surprised to find that the airplane carried other passengers besides the captain and Lamar. Lamar introduced them to Ladydear and the children and then Captain Brave made preparations for going home. It wasn't so hard work to rise from the mountain side as it had been to

land. The captain and the other men pushed the plane over to the edge of the little level space and everyone climbed into the plane. There was plenty of room for all, for the plane was a great big roomy one, you know. When all was ready Captain Brave started the motor. The plane slipped over the edge of the icy platform and started to bump down the slope. But it didn't go far before the children could feel it leave the ground and start through the air.

The tourists never had ridden in an airplane before and so they were very much interested in the plane and the view of the beautiful Alps from the skies. Captain Brave noticed this and so, for an hour or more, they flew slowly over the mountain tops or dropped down low over the little valleys. The children enjoyed the sight-seeing trip, too, for Lamar and Ralpho pointed out the famous peaks and spots where accidents had happened to climbing parties and thrilling rescues had been made.

"But you little folks have seen the most thrilling rescue of all," said Lamar. "That was the first time that an airplane ever has been used to save mountain climbers from

death. If Captain Brave hadn't picked us up the chances are that we would have either frozen or starved to death before any other help came."

Captain Brave made light of the rescue, though. "That was just a lark," he said, laughingly.

"Probably it was to someone who has been through the world war," replied Ralpho.

During the ride above the mountains the tourists told Captain Brave who they were and where they came from. Captain Brave, Ladydear and the children were rather disappointed when they learned that none of the men were from America.

Though all of the tourists seemed like very nice folks the man who appealed to Jack and Jane most was Jasper Angelo, an Italian. From the other tourists the children learned that he was a millionaire automobile manufacturer in Italy. Jack, at least, had heard of the famous car which the man had designed and was making. For Jack had seen pictures of it when it won the great auto races back home. And Jack had wished hundreds of times for a ride in the car which had made over 100 miles an hour the papers said.

Had Jack or Jane dreamed that they would see Signor Angelo again and under thrilling circumstances they would have been even more interested in him. But you'll hear about that some time later.

Perfect, Pearly Teeth

If you do the saliva must be alkaline. Nature intended it so in order to help digest your food. Many people unknowingly suffer with acid mouth, decay sets in, the enamel of the teeth is attacked, the gums recede, frequently bleed and the teeth become yellow. To counteract these disagreeable conditions, use Keltner's Specially Prepared Chlorate of Potash Tooth Paste in time and you will have perfect pearly teeth. Hard gums, the enamel will be protected, and the natural alkaline condition of the mouth will be restored. Price of large sized tube, 35c. For sale only at sized

TRAFFIC IS ONLY 15 PER CENT NORMAL

German Railway Minister Paints Gloomy Picture of Affairs on State Lines

BERLIN—Herr Beser, the Prussian railway minister, in a statement to the members of the Berlin chamber of commerce paints a gloomy picture of affairs on the state railways. Every day he said a subsidy of 10,000,000 marks is required from the treasury. Passenger traffic at present amounts to only 15 percent of normal, he said, and express service has dropped to four percent. Higher tariffs for goods and passengers are believed to be inevitable.

The continuous strike and coal shortage are responsible for these conditions, according to the minister who says that apart from the severe traffic restrictions which have been enforced, very far reaching stipulations for the winter are unavoidable and the German coal industry must be put on a new footing. If possible, the use of coal in its present form, whereby the greater part of the heating units pass up the chimney, must be prohibited by law.

Owing to the shortage of fuel, German industries, it is said, are interfered with, because they are unable to keep promises regarding time of delivery. Private locomotive enterprises the official declares are doing even worse than the state services. If possible, he adds, the waterways must be employed for purposes of transportation.

PIONEER WOMAN IS CLAIMED BY DEATH

Mrs. Alvina Conrad, 77 years of age, died Monday night at 8:30 o'clock at the home of her son H. O. Conrad, near West Cairo. She had suffered for many months from paralysis. On Tuesday morning the body was accompanied to the home of another son, H. L. Conrad, living four and a half miles north of Elida. Funeral services will be held at the U. B. Church near the home, Thursday afternoon at 1:30 o'clock, and interment will be made in the adjoining cemetery. Mrs. Conrad was one of the pioneers of Allen county.

SPANKING MACHINE SAVES TIME, ALSO WEAR ON SLIPPER

NEW YORK.—Parents who are too tired to spank their children will be interested in a labor saving device which is exhibited at the New York Electrical show.

You merely attach the child in the appropriate position, touch a button, and the spanking machine does the rest.

Busy mothers may go tranquilly about their household duties in full assurance that their children are being adequately spanked as long as the current is on. The cost is merely nominal—less per hour than it costs to run an electric washing machine.

The spanking machine will be demonstrated at the show for parents who bring their children. The management does not provide children for demonstration purposes.

YOUR ATTENTION, PLEASE.

COULD YOU USE \$500 IN CASH

DO YOU know of a bargain in live stock or implements that you could "snap up" cheap if you had the ready money?

COULD YOU make more money this year if you have another horse, an extra cow, a few brood sows, an automobile, or would more implements make your work easier and save you money?

DO YOU owe "Peter" and "Paul" small debts which trouble you, and which you would like to settle up?

COULDN'T you rest better, eat better, sleep better and feel more like a man, if you knew of a place where you could get what money you need when you need it?

THEN HERE IS YOUR CHANCE

YOU CAN borrow what money you need from us; any amount from \$25 to \$500 on your own security, no co-signers required. Your Horses, Livestock, Implements, Automobile, Furniture, or Piano can be listed with us as security for borrowed money while you are using them.

YOU WILL be pleased with our easy terms, reasonable rates and courteous treatment. Every transaction Honorable, Fair, Legal and Confidential.

TOMATOES ROTTING IN MERCER FIELDS

CELINA, Sept. 23.—Every home in Mercer county should have a plethora supply of canned tomatoes, catsup, and chili-sauce, if you care for them put away this season.

For the tomatoes are continuing to ripen by the hundreds of bushels in Mercer county and the overflow from the fields should supply every need.

In some of the fields where the crop is not hauled to the factory bushels and bushels are going to waste, so big is the yield. The crop is sufficient to supply every need. The retail price remains at \$1 per bushel, assorted tomatoes and good measure. If you go after them yourself the price quotation is lower.

TO VOTE ON ROAD TAX LEVY.

TIFFIN, O., Sept. 23.—The county commissioners today announced that they will submit to the voters of Seneca county, at the November election, the proposition to levy an additional one and one half mill for the improvement and maintenance of county roads. The levy would yield an additional \$125,000 annually for five years.

BY MARGARET GRAHAM

FIVE O'CLOCK TEA

Miss Mary Duffield, the popular bride-to-be, who is to marry Howard Horn, of Cleveland, in the late fall, was prettily honored Tuesday, when Miss Rose McCray, of North Metcalf street, invited eight intimate friends of Miss Duffield in for tea. It was a very dainty affair, in pink and white, the rose shades on the tiny lamps adding just the proper softness to the pretty scene. Place cards and nut cups were in pink, tulle bows being used effusively in the adornment of the table.

Covers were laid for Miss Duffield, Miss Grace Spellacy, Miss Helen Bower, Miss Geraldine Duffield, Miss Geraldine Dunn and Miss McDermott, of Chicago; Miss Louise O'Brien, Mrs. W. R. Daniels and Mrs. Francis Durbin.

LUNCHEON

A Chance to Live

(By Zoe Beckley)

THE FIGHT FOR LIFE

Annie learned much of the terrific struggle of the foreign poor in this land of the free, from the Rothbergs' reminiscences, the Ratzekys' sufferings during the strike, and the eternal battles fought by other of her neighbors for mere life and sustenance.

She came to know children who had never owned a toy in their lives. Men of twenty and more who had never possessed a new suit of clothes—who bought every poor rag and boot they owned from a musty cellar where the best was third or fourth hand!

She saw seven-year-old boys selling papers in the street, hiding their pennies in their shoe to "keep the cop from findin' 'em." In the house next door lived a woman who stood at the corner of a certain street till 2 o'clock in the morning tending her newstand, through the bitterest days of winter, through the burning days of summer, through sickness, through many terms of approaching motherhood.

She found an archer one day in the lot behind her flat burying something very small wrapped in paper. Carefully he marked the spot with a discarded rusty kettle. When the child saw Annie watching him he leaped protectively toward his treasure. But she caught and questioned him. The poor little devil, it seemed, had found in the street a dime! Fearing robbery if he carried so prodigious a sum about upon his person, he thought to hide it where he could come back and look at it each day till he could decide its disposition. Annie assured him it would be safe—that she would watch the spot from her window. The little lad believed her, and went upon his way feeling a capitalist!

She heard a small girl say to another one day:

"Ooooh they got loads and loads of money! Whaddya think? They got a whole cake of white stuff in

the kitchen to scrub the dirt off pans with! They buy it—just special for that. They don't use ashes. You just rub it on a rag-like, and wipe the pans—and they get clean!"

There was incredulity on the other child's face at the tale of this prodigal spending. Annie could see she was searching her mind for some story of equal impressiveness.

"There's a girl in our house," she narrated with an expression that said, "You won't believe this, but it's true." "That gets a white roll with butter on it every single day when she comes home from school. She doesn't eat it on the street, 'cause they's all want bites. She goes under the stairs in the hallway. I seen her!"

Annie mulled it all over in her mind, trying to understand why there was such poverty, wondering if she and Bernie would ever get out of it, or whether they would go on, getting poorer and more helpless and hopeless each year, until they viewed life suddenly or sullenly like most of those around her.

If Bernie had been asked just when things first began to be utterly depressing at home he could have been at a loss to say. The sliding down was very gradual. There had been an evening when he noticed things seemed different—not tidy, Annie's work-dress was shabby and soiled, carelessly turned in at the neck for coolness. She looked nerve strained and weary. Damp wisps of hair drooped about her face. The children were noisy or fretful, according to each one's degree of health. The supper table appeared carelessly laid the meal appetizing and scant.

Had this been before the fourth baby's advent, wondered Bernie. Or afterward, during that trying time when Annie could not recover strength, and the work, the bills and the general anxiety piled up till it seemed each day brought something new to worry about? Or had it been still later, during the little poor baby's sickness, when Annie did not sleep for three terrible nights and the neighbors came in and helped, and said it was "summer complaint" and they better send him to the hospital quick?

(To be continued)

MARRIED.

Saturday at 12 o'clock at the home of the Reverend Walter D. Colo on south West street, Miss Edna Gladys King and John Gordon Parrott, both of Spencerville, were united in marriage. They left immediately following the ceremony for a northern trip.

The bride-groom is in the navy, on the sub-chaser "Craven" and following his leave of two weeks will return to his ship. The bride will make her home with her parents in Spencerville, until his release from the navy.

BIRTHDAY PARTY.

Mrs. Don Corner, of north Metcalf street, entertained charmingly Saturday evening of last week, for the pleasure of her husband, when she invited a number of friends in to enjoy the evening and assist in the celebration of his birthday anniversary.

Miss Anna Cunningham, state superintendent of the Rural School division of the state board of health is in the city for a few days, on her third visit to this locality. She is still interested in surveying the rural conditions of the surrounding country.

Miss Lucille Curran, of Huntington Indiana, is the guest at the home of the Misses Reilly, of west Market street.

Mr. and Mrs. J. A. Ireton and daughter, Opal, of South Jameson avenue, have returned from Dayton, where they motored Sunday accompanying Justin Ireton to school at St. Marys College.

Howard Wolfe, of Brice avenue, leaves within a few days for Ann Arbor, Michigan, where he will enter the University of Michigan.

Harold Hildreth, James Halfhill, Ned Seymour, and Charles Cory, left Tuesday morning for Ann Arbor, where they will be enrolled at the University of Michigan this year. They will return Thursday and leave the latter part of the week to take up their studies.

Mrs. W. W. Calvegt and niece Mrs. Edward Withler, and nephew, Harry Green, motored to Detroit, for a week-end visit with Mrs. Calvegt's daughter and family, the O. E. Sherricks. On their return Mrs. Elizabeth Young accompanied them to her home here.

Miss Beatrice Conrad, of Mansfield, is the guest of her parents, Mr. and Mrs. John Conrad, of north Metcalf street.

Mr. and Mrs. J. J. Collison, of Brice avenue, are entertaining as their guests, Mr. and Mrs. M. H. Broderick and son, Joseph, of Muncie, Indiana.

XXXVII.—MORE PHILADERING

The Merediths house was brilliantly lighted, I noted as my car drew up in front. Even before the door was opened to admit me, bursts of song and laughter reached me through the open French windows. Apparently, Billy was having a party after his own heart.

"Mrs. Meredith is in the library upstairs," said the maid as she took my wrap. I started lightly up the broad steps and at the turn of the deep landing, sitting forlornly on the window seat and silhouetted against the moonlit casement was Berry Williams. He was staring out into the Merediths tiny garden and did not hear my approach over the thick rugs. So I slipped behind him and reaching my arms around his neck, laid my fingertips lightly against his cheeks. His start of surprise brought his head back against me and a wave of crimson suddenly flooded his face.

"You didn't expect to see me so soon again, did you?" I laughed. "I was thinking of you this very minute," he said simply. "Precocious child! Who taught you to say such things?"

"I never said them before. I only just felt them now."

I waved the issue aside. "Why are you mooning here all alone with so much gaiety in the house?"

He shrugged an impatient shoulder. "Aunt Fan made me promise to stay away from Uncle Bill's party and she's got a bunch of old women upstairs. I feel like a kid in disgrace."

"Derry! I am one of Aunt Fan's old women!"

"Not you!" he denied cheerfully. "You're only a kid yourself. I don't see why you married and tied yourself up when you were so young."

"I sometimes wonder that myself," I told him as I curled up on the window seat cushions beside him. "If I hadn't married before you came along, Berry, would you have made love to me?"

"Gosh would I!" he exclaimed, breathlessly. "I looked him over appreciatively in the moonlight that came through the casement. He was such an attractive, clean-cut boy. I knew

burst of laughter and one of my good friends drawled:

"What else could you expect of Nell?"

"You could expect nothing else, dear, it's all you think about," I returned sweetly, quite unruffled, but I noticed that a flush of anger had mounted to Berry Williams's forehead, and his young jaw set in an ugly line. He muttered some excuse and left the room abruptly.

"I simply can't make him stay up here," declared Fan vexedly. "I think he's trying to slip down to Billy's outrageous party."

"Not that." I volunteered innocently, addressing the entire party. "He's too deliciously naïve—do you know what he just told me; that he didn't want to stay because you had a bunch of old women up here."

It was my night for vengeance, apparently, and I had the satisfaction of seeing ray shaft go home, before Alice said,

"Nell, do tell me what is the matter with Elizabeth Garlton. She doesn't answer her phone or her knocker and yet the elevator boy says that she hasn't left her apartment."

WHAT CAN YOU DO?

The young man or woman looking for a position today is not asked what college they came from or who their ancestors were.

WHAT CAN YOU DO?

That is the question. -Special training is needful and essential.

Most of the men at the head of great establishments have been promoted step by step from the bottom. They were able to rise because they realized the necessity for sound business training. Luck or chance had little to do with their success.

There is a lesson in this for every ambitious young man and woman.

LUNCHEON.

Mrs. J. Lawrence Stoneburner, of west Market street, entertained delightfully with a 1 o'clock luncheon, honoring the two popular brides-elect of the near future, Miss Mary Duffield, and Miss Fannie Hughes. Miss Duffield will become the bride of Howard Horn, of Cleveland and Miss Hughes is to marry Charles Hoover.

A clever color scheme of pink and green was carried out artistically in the appointments of the luncheon. Guests were grouped about one large table where a huge sheaf of gladioli formed the centerpiece while at the four corners of the table, tall green candles tied with pink tulle burned cheerfully. Nut baskets were prettily

in pink and green, being in the form of a rose, while the colors were alternated.

Covers were laid for, Miss Duffield, Miss Hughes, Miss Helen Bower, Miss Evelyn Davison, Miss Audrey Ackerman, Miss Lenna Rudy, Mrs. Francis Durbin, Mrs. H. M. Crawford, Mrs. Paul Steuber, Mrs. W. R. GOOD AUDIENCE IS
OUT TO GREET THE
ROYAL WELSH CO.

A good audience greeted the Royal Welsh concert company upon their initial appearance at the First Congregational Church, Monday night. The trio consists of Risca Williams, baritone, Ben Davies, tenor, and Genevieve Andrews, pianist. The three members are survivors of the sinking of the Lusitania, on May 7, 1915, at which time three of their company including the director lost their lives. Mr. Williams gives an interesting talk telling of the Lusitania disaster, preceding each concert.

The program Monday night included the following songs by Mr. Davies, "Rose of My Heart," the "Deathless Army," "At Dawning," "Nirvana," "Dear Love," "Remember Me" and Mr. Williams, "The Drum Major," "Where My Caravan Has Rested," "Hail, Sons of America" the latter his own composition. Miss Andrews played "Rigoletto" Chopin's "Etude" and the "Serenade" from Lucia, a left hand composition. Another program will be given Tuesday evening at 8 o'clock at the church.

Wounds From Rusty
Nails Dangerous

Serious results through blood poisoning often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand.

Dean McKillip, well-known farmer of Clark Co., Ohio, says "I stepped on a rusty nail which extended halfway through my foot. I applied Houstonia to the wound and banished the pain. In a short time the pain got easier. After five days I did not limp and the wound healed nicely. People who use Houstonia for such injuries do not need to fear blood poisoning."

Houstonia (The Original Jones Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist, 25c., 50c. and \$1.00 sizes. THE FAUROT PICTURES.
"Rustling a Bride," which opened at the Faurot this afternoon, differs from the ordinary western feature in that it does not harp too strongly on the gun-play and heroic rescue

theme, and this welcome variation from established rules adds much to its value as a program attraction. As a matter of fact the heroine rescues herself from the bold, bad man who would fain make her his prey and hero Nick McCredie registers merely as a very likable sort of chap who does the best he can under rather distressing and embarrassing conditions. Comedy and serious situations are pleasantly mingled, the net result being an extremely enjoyable entertainment sure to leave an audience in perfectly good humor. Added features of the program include the Pathe News and Mrs. Sidney Drew's new comedy, "A Sisterly Scheme," in which this accomplished

actress has a support of the famous comedian, John Cumberland.

REGENT

"It's too good to give away," said Manager Zanone of the Regent Theatre when he was asked to tell the story of Douglas Fairbanks' forthcoming production, "His Majesty, the American."

"Now, I am not going to spoil the anticipation of my patrons by telling them the story of Douglas Fairbanks' new film, 'His Majesty, the American' in advance. But I will say this: Fairbanks has spent more money on this picture than he has ever spent before, because he has made it for release direct to the theatres of the country by the United Artists—the 'Big Four'—which is made up of Mary Pickford, Charlie Chaplin, Douglas Fairbanks and D. W. Griffith.

"The story of 'His Majesty, the American' is a knockout. It gives 'Doug' a chance to do a lot of entirely new tricks and I don't hesitate to say that the picture is far and away the biggest production that he has ever turned out.

"I'll let this much of the secret out: 'Doug' plays the part of a young American who simply can't keep out of trouble. He takes a hand in all sorts of situations which lead him all over the world. We find him first in New York where he tries to show the Fire Department how it should be run. We find him helping the police raid the den of a king of the underworld. We find him later in Mexico showing the bandits what they don't know about their business and then we find him butting in on the affairs of a little principality in Europe. It is the jolliest mix-up you have ever seen in your life.

"I do not want to say anything more at this time except that we have got a genuine treat for our audiences when we show them 'His Majesty, the American,' on Wednesday."

LYRIC

Mabel Normand has defied convention over and over again on the screen. Now she does it again and with such vigor that tradition hasn't a leg to stand on. Swallowing a juicy quid of tobacco is her latest bit of diablerie. Of course it occurs in her newest Goldwyn Picture, "When Doctors Disagree," at the Lyric tonight.

As Millie Martin, she goes on a railroad journey with her father and becomes interested in a young doctor, or, rather, a man who pretends that he is one. When he will not respond to Millie's ogling she determines to enlist his professional services. She tells her father she has an awful toothache and begs him to get her a doctor.

The old man eager to save money, forces a "home" remedy on her instead. It is a generous wedge of his favorite tobacco—the chewing kind. He forces it into Millie's mouth, the train lurches around a sharp curve and—Millie gulps and swallows hard. Thereafter she becomes genuinely ill and "Doctor" Turner is called in. From this moment the fun is fast and furious, Millie being rushed to a sanitarium for an operation. What happens there is beyond conjecture. It must be seen to be appreciated.

ORPHEUM

"Flirtation" a satire on college life sprinkled with music, singing and dancing is a very classy bit of work that tops a good show at the Orpheum this 1st half.

Dorothy Van and Frank Ellis all surrounded by a clever cast and this offering is among the best seen here this season. The following musical numbers are rendered by this sextette and there is much good clean fun thru out this piece.

"The Beautiful Garden of the Girls," "It's the Jingle of the Money in the Bank," "Lessons in Dancing," "I'll Wait for You," "The Campus Strut."

All the other acts show up class. The Jack Moore Trio are remarkable gymnasts and do some wonderful stunts on the tight wire.

Harry Sullivan and Ruth Myers offer a neat little singing and talking skit that went well. Burke and Burke in a Western Union Flirtation have an abundance of comedy that make a big hit.

Mack and Maybelle came in for a good portion of the applause, they were well liked in No. 4 spot. This bill remains for the 1st 3 days of this week, changing in its entirety Thursday when the new show will be topped by The Telephone Tangle, and 1 other Keaths features.

STEEN PROMOTES HOME FOR WRITERS

Former Lima Newspaper Man Comes Out With a Brand New Scheme

Clyde P. Steen, one-time city editor of a Lima newspaper manages to keep in the limelight, and has bobbed up again, this time promoting a home for newspaper men at Bedford, Virginia.

The Editor and Publisher, New York publication, gives the following details:
"A solicitor for the International Editorial Association, Bedford, Va., has made his appearance in New York and is endeavoring to obtain \$500 subscriptions for 'associate life membership' in support of a home for newspaper workers which the I. E. A. is represented to be opening in Bedford."

"The solicitor is giving the name of Davey O'Connor. A number of people approached by him have turned the matter over to commercial agencies for investigation. Clyde P. Steen, who, as former president of the National Association of City Editors, attempted to raise a fund of \$1,000,000 several months ago to fight Bolshevism and was stopped by the New York District Attorney, is listed on the subscription blank as superintendent of the "national home."

Report of Lima Labor Bureau

During the month of September, up to the present date, applicants to the number of 272 visited the employment office at Memorial Hall. Of that number 200 were placed in various kinds of employment. Two hundred and twenty-three calls for help were received at the employ-

ment office, including male and female.

Men who are experienced as auto mechanics and wish work along that line, may apply to Mr. Baker at the employment office. Few other lines of work for men are now open. In the women's department the conditions are reversed, as it is almost impossible to obtain women or girls for any line of work from domestic restaurant work, to office or clerical positions.

ANNOUNCEMENT OF WEDDING, SURPRISE

BLUFFTON, Sept. 23.—Announcement was made yesterday of the marriage of Miss Della Luganbill, of Bluffton and Professor W. Egly, Miss Luganbill, who was employed as instructor in the High school at this place, is a graduate of Bluffton College.

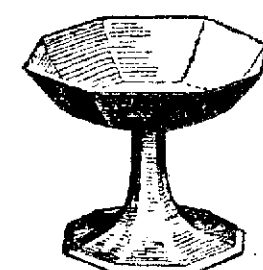

Professor Egly was Professor of English, in Bluffton College, before leaving for Ann Arbor, Mich. to accept a similar position in the University of Michigan. The marriage

came as a surprise to their many friends who join in congratulating the happy couple.

An airplane belonging to the Chenoweth Airplane Co., of Richmond, Ind., was forced down on the outskirts of Bluffton yesterday due to an approaching rainstorm. The plane was headed for Piqua and left for that place this morning.

William Amstutz of Pandora, and Miss Mary Schumacher living West of town, were quietly married Sunday. Miss Schumacher is a graduate of Bluffton College. In the May Day festival 1917, Miss Schumacher was chosen May Queen.

SLIM SALLEE MAY
WORK INITIAL GAME

Hod Eller, "No Hit" King
May Alternate With Vet-
eran Southpaw—Betting
6 to 4

With the pennant lashed securely
to their flagpole, Cincinnati fans can
now have the privilege for the first
time in history of doing their own
chances for the world's championship.

The rabid Red fans believe their
idols will trim the White Sox. They
are betting that way at 6 to 4. Slim
Sallee, veteran southpaw, will prob-
ably be Moran's selection for the
initial contest. Pat not only figures
him as one of the best of his all-star
pitching staff, but he is banking on
the experience of the veteran to get
over any rough places. Walter
Reuther will likely get the second
call. He has led the league most of
the season. Hod Eller, the "no-hit"
king, may alternate with the port-
side pair.

A yarn has been spun that Moran
is going to split his pitching staff
and send two over to Chicago and
keep them there during the series to
have a pair that can be kept fresh
by getting away from the tiresome
railroad trips.

If there is a "dark horse" in line
for the honors of a series hero, the
Cincinnati bugs think it will be Pat
Duncan, the new outfielder, who has
worked himself into a regular berth
in the gardens. Duncan came from
Birmingham about a month ago and
has been a sensation since he was
given the chance to work in Sherry
Nagee's stamping ground.

White Sox Players Chicago Fans Expect to Win the World's Series

Unless Chicago fans' hope is all wrong the White Sox will beat the Cincinnati Reds in the world's series. The group shown here includes most of the players, Manager Gleason counts on for help. From left to right they are: Front row—Kerr, Mayer, McClellan, Eddie Collins, Wilkinson. Middle row—Shalk, Jenkins, John Collins, Gleason, McMullin, Jackson, Eddie Murphy, Liebold, Buck Weaver. Back row—Loud-
ermilk, Cicotte, James Gandil, Risberg, Williams, Lynn, Felsch, Faber and Sullivan.

HOPE MULLEN WILL FIGHT
MARTY REESE NEXT MONTH

Sidney Lad Will Have to Travel if He Whips Reese Who Has Twenty-
Six Knockouts in His Favor—Next Show Oct. 15.

(BY JAMES F. BURBA)

Fans who have been anxious to
get another slant at Hope Mullen,
Sidney fighter, in action in the local
ring, will have the opportunity of
seeing him work at the next show
of the Lima Athletic Club which
will be staged, presumably, in
Hawshier Hall, October 15.

It is very probable, Mullen will
not have the lead pipe clinch he had
when he fought Bud Fisher here a
couple of months ago, for he is go-
ing to battle a man with a reputa-
tion worth consideration, when he
meets Marty Reese, one of the best
middleweights in the state.

Reese comes from Franklin, Ohio,
and is being handled by J. G. Mc-
Bride, who has issued a challenge
offering to pit Reese against any
lad his weight in the state. Reese's
past record is worthy of considera-
tion, for he has, out of 29 battles,
secured 26 knockouts, and three de-
cisions.

This means that Mullen is going
to meet the stiffest proposition he
has ever bucked up against, and if
he whips the Franklin boy it will
be a large tickler in the chapeau of
the Sidney battler. Mullen, will, un-
doubtedly, be the favorite with the
fans, as they like the way he works.
He is as clean a man as ever stepped
into the ring. His recent go with
Bud Fisher here demonstrated that
fact.

Reese is shifty on his feet, and
carries a punch in either hand as
may be noted from his record. Mul-
len, on the other hand is a trifle

slow, but is a fiend for punishment.
He, likewise carries a hefty kick.
Information gathered from fans,
who have seen Mullen work since
he fought here is to the effect that
he has quickened up, and is show-
ing the earmarks of a good battler.

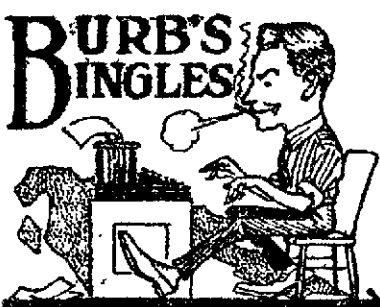

Baxter to Fight Again

For the semi-final, Young Baxter
will be pitted against Billy Bruce
who is a little man with brains and
a kick. He is a veteran in the ring,
and should prove an excellent oppo-
nent for the local battler. Bruce is
out of the same stable as Reese.

Baxter at the last show here,
fought his way into the hearts of
local fans, as they yelled for a sight
of him again. The recent fight of
Baxter's was his first real go, and
he certainly made a wonderful show-
ing. This semi-windup should prove
every bit as interesting as the main
go, for both lads are swift and capa-
ble fighters.

There is one go left open on the
card, and that will be closed within
the next few days, according to
Matchmaker Wildoner. Don Bowsher
of Botkins, has been selected for one
principal in the preliminary, but
as yet a worthy opponent for him
has not been secured. Bowsher won
his last battle with a kayo.

Indications are the L. A. C. will
be unable to land Memorial Hall
for its shows as county commission-
ers seem a bit leary of public opin-
ion. However it is anticipated a suit-
able place will be found which will
seat more fans than the Hawshier
Hall, which is not large enough for
the events.

Well, well, so Cincy gets the first
game of the world's series.

If we can only say that the day
after the first game all will be well.

We didn't notice any Lima names
among those who were lucky at
drawing in Cincy yesterday.

Herrmann is now taking measures
to stop ticket scalping.

He should have done so before the
shot the prices or admission up.

Saith the Sage of Hawk Creek:
"Some men are a lot like dogs they
would rather stand in one place
and shiver than to hustle around and
get warm."

JUST AN EARFULL, WANT IT?

There are lots of fans in Lima who would like to have a
little earfull of dope concerning the players who will partici-
pate in the coming baseball classic. We are in a position to
let you have that said earfull concerning any player on either
the Reds or the Sox. Just drop us a line naming your player,
and we will publish his biography "toot sweet." Get us?

"Cy" Seymour,
Once Star, Dies

NEW YORK, Sept. 23.—"Cy" Sey-
mour, former major league out-
fielder, is dead at his home here. Sey-
mour was 42 years old. While with
Cincinnati he led the league in bat-
ting in 1905 with .337 and when
purchased by the Giants, where he
started his major league career, the
price, \$12,000, was regarded as the
largest baseball cash deal up to
that time.

PLAY 2 CONTESTS ON REDS'

Garry Herrmann Has First Burst of Luck and Wins Toss of Coin
From Louis Comiskey—Umpires Are Named.

CINCINNATI, O., Sept. 23.—Cin-
cinnati for the first time in its his-
tory as a National league city will
on Wednesday, Oct. 1, witness the
opening game of the series to de-
cide the championship of the world
between the Cincinnati Reds, win-
ners of the National League pennant
and the Chicago White Sox, pros-
pective winners of the American
league pennant.

Chicago has not yet clinched the
flag in the junior organization, but
the national commission made its
arrangements on the theory that it
was almost impossible for Cleveland,
the runnerup, to nose out Comiskey's
club. All games are scheduled to
start at 2:30 p. m.

Louis Comiskey Loses Toss
The decision to open the baseball
classic in Cincinnati was decided on
the toss of a coin by Louis Comis-
key, son of the owner of the Chicago
club. August Herrmann, president
of the Reds, called "heads" and
won. At first it was announced
that Herrmann had lost, but after
examining the coin, one of the new
half dollars, Louis Comiskey said he
was mistaken and that Mr. Herr-
mann had won.

The teams will play the first two
games in this city, and the next
three will be played in Chicago. The
clubs then jump back to Cincinnati
for games six and seven. If this is
necessary, and before the eighth
game, which will be played in Chi-
cago, it will be decided by lot where
the ninth game is to be contested.
The schedule as drawn calls for
continuous playing on each day,
weather permitting.

Umpires Selected
The umpires who will officiate
are William Evans and R. F. Nallin,
of the American league and Charles
Hilder and E. C. Quigley, of the
National league.

J. G. Taylor Spinks, St. Louis, will
represent the national commission
as scorer, while Joseph M. McCready,
secretary of the Baseball Writers' as-
sociation of America, will repre-
sent that organization. These two
officials will work in both cities,
and will be assisted by one member
of the local chapter of the writers' association in each of the contest-
ing cities.

The commission voted itself 1,500
tickets for distribution between the
major and minor league clubs of the

country. After Presidents Johnson
and Heydler drew the first 100 en-
velopes containing requests for tick-
ets for the games here from a large
box, the meeting adjourned.

STOVE TALK

We firmly believe that we have the Very Best Heating
Stove on the market.

It has more really good features than any other stove
we have ever sold, and we have been selling stoves for
twenty-five years.

The best is always the cheapest, even though the first
cost may be a little more.

The King Clermont, our Favorite, will burn any kind
of fuel, and we know it is an economical stove to use.

Add the cost of this stove and the cost of fuel used for
two years, and we will guarantee the total cost will be
much less than cost of cheap stove added to cost of fuel
for two years.

Buy early, get your choice and have your stove set up
before the cold comes.

We invite your inspection of these stoves.

STOCKS SLIGHTLY LOWER ON WALL ST.

NEW YORK, Sept. 23.—Pressure against United States Steel continued during the morning, that stock again reacting to a slight fraction under its early minimum. Other stocks were affected to a moderate degree but in equipments notably Baldwin Locomotive higher prices prevailed. Yesterday's inquiry for oil was resumed with Texas company leading at an advance of 7 points and tobacco extended their initial gains with metals and leather. Low priced rails were active, Wheeling and Lake Erie gaining three points. American Smelting and American Telephone represented the weak issues at losses of 1 1/2 to 3 points. Call money opened at 6 per cent.

United States Steel was among the few important issues to show an uncertain trend at the firm opening of today's stock market, reacting a large fraction. This was soon regained, however, and the stock showed its former favorite, especially equipments, oil, tobacco and leather. Before the end of the first half hour gains in Baldwin and American Locomotive, American Smelting and American Telephone were active, while the weak issues of 1 1/2 to 3 points. Call money opened at 6 per cent.
